SPRING 1999 PROGRAM

GM's Letter to the Listener

Radio stations are consolldating throughout the country. They are sounding more and more the same. The local flavor of radio may soon be gone for good. WRUW however has no large corporate owner that it must answer to. CWRU has given Cleveland a gift, and that gift is the freedom of choice expressed on 91.1 FM. CWRU students and Cleveland locals make up the team that brings you everything from Jazz to Polka. This guide should help you decipher it all. Yes we are different. There are very few stations like this left in America. It is our privilege to serve you as we have for over 30 years-- we've stayed the same by staying different. Many new artists are heard on 91 first, many artists that would never get any airplay on traditional radio get it here. Please support this unique gift with your continued listenership, by telling your friends, and if you can, with a pledge during our once-a-year telethon. It is through the Telethon that we can grow the station as well as do thank-you's such as throw another outstanding Studio-A-Rama. After 2 years of managing WRUW, it is time for me to move on, to graduate, and to leave this city. I will be losing one of my dearest friends, this radio station. If you love and cherish the ideals of WRUW as much as I do, please contribute to the Telethon this year, and continue to call-in, make requests, and compliment the kids on the job they're doing. After all, we're all volunteers, just doing what we do for the love of radio.
--Scott Lieberman, General Manager
